## Corporate Retreat/Team Building Packages

Creative expression is one of the most meaningful ways to connect us as humans – why not utilize it to strengthen our bonds in business too? Choose from popular themes such as Leadership, Innovation, Diversity, Mental Health, Competition, Critical Thinking, Achievement, Communication & Resource Management. Our packages can be customized to facilitate an engaging, exciting experience for employees that is guaranteed to build both personal character AND partnership.

### Collaborative Painting

In this 2 hour painting activity, teamwork makes the dream work as your group is guided through a step by step co-operative process to create several artworks – giving individuals a short time frame to contribute to each canvas that will eventually become a completed painting with an overall theme. Each participant then has an opportunity to give constructive feedback and insight about their own elements or their colleagues work, to foster interpersonal connection and positive communication in the workplace.

**Price: \$850** (maximum of 16 people)

### 'Found' Prose

In this 1.5 hour creative collage activity, co-workers will be prompted with a cohesive theme relevant to their industry or specific mission statement – and provided with the necessary materials/guidance to produce an individualized visual response using both words and pictures. Participants will then take turns briefly sharing their reflections and process as a group; an exercise designed to enhance professional courtesy, perspective and respect. The final product will be unique mixed media projects that can be framed and kept as statement pieces for the office, or as personal mementos of inspiration.

**Price: \$650** (maximum of 20 people)
